Bayada Nurses Acquires Liberty Home Care

Moorestown, NJ, April 16, 2010 - Bayada Nurses, a national home care company, announced today that it has acquired Liberty Home Care, the home health division of LibertyHealth. The transfer will be effective as of Monday, April 19.

All patient care services will continue without interruption and Bayada Nurses will maintain the same office location at 150 Warren Street in Jersey City. Liberty Home Care, which is based in Jersey City, NJ, is a Medicare/Medicaid certified home health agency providing home care services to residents in Hudson County.

Bayada Nurses, headquartered in NJ, operates over 30 offices throughout the state, including a non-Medicare certified office in Hudson County that provides adult and pediatric personal care services. This agreement enables Bayada Nurses to provide Medicare-certified services in Hudson County. Bayada Nurses and Jersey City Medical Center will continue to work closely as partners on many specialized programs and services to ensure the health of Hudson County residents.

“LibertyHealth chose to sell its operations to Bayada Nurses because the two companies share many of the same values,” said Mark Rabson, a spokesperson for LibertyHealth. “Bayada’s excellent reputation and quality of service provided to residents of Hudson County were important factors.”

Founded in 1975, Bayada Nurses provides nursing, rehabilitative, therapeutic, and personal home health care services to children, adults, and seniors in the comfort of their own homes. Over 12,000 nurses, home health aides, and therapists work from more than 170 offices in 18 states. For more information, visit www.bayada.com.
