

## A History of Caring

A Welcome from Mark Baiada

In 1975, the spirit of Bayada Nurses was born from a vision to help others to live safely with comfort, independence, and dignity in their own homes. More than three decades later, we have grown from our humble beginnings to become a national leader in the home care industry.

While the number of people helped by Bayada Nurses continues to grow, our primary belief remains the same: *our clients come first.*

We understand it is an honor and a privilege to be invited into your home and that nothing is more important than the health and welfare of your child. Our clients have peace of mind because they know their child is receiving excellent care and help is only a phone call away—24 hours a day, 7 days a week.

Give us a call and together, we'll arrange for one of our caregivers to be a hero on your home front.

## Pediatric Care Services At Home or School

*Compassion.  
Excellence.  
Reliability.*

## Pediatric Care Services

Our compassionate pediatric nurses and home health aides can provide care up to 24 hours a day. Because your child's situation is unique, we provide a wide range of services at home or school.

### Nursing

Pediatric nursing services help children cope with illness or injury. Our experienced pediatric nurses manage diverse diagnoses and high-tech equipment, and can provide:

- clinical, safety, and home assessments
- child and caregiver education
- feeding tube and respiratory care
- one-on-one care at school
- participation with IEP process and planning
- equipment and lifting evaluations by a certified rehabilitation registered nurse
- tracheostomy, ventilator, and disease and catastrophic injury management

### Personal Care

Personal care services help children who need special assistance to remain safely at home, including:

- bathing, personal hygiene, and dressing
- ambulating, exercising, and playing
- light housekeeping and meal preparation
- student care services at school and on trips

### Always there for you

To ensure excellent, responsive care, your child will be assigned a:

**Clinical Manager**—supervises your child's ongoing medical needs and makes regular visits to the home

**Client Services Manager**—schedules care and stays in regular contact with you about your services

Have questions? You can call us 24 hours a day, 7 days a week.

*Without Bayada Nurses, I wouldn't be able to handle my son because I am the only adult in the house and he needs care throughout the night. Our nurse, Deanna, is so caring, knowledgeable, and supportive. When I broke my leg in January, Bayada was able to provide additional hours for me. I don't know what I would do without Bayada Nurses.*

~Barbara F.

*Bayada Nurses helped us through a very difficult adjustment. There were many tough decisions and lots of medical issues. My client services manager was right there for me through everything. Some weeks, she would hear from me daily but she always made my problems seem manageable.*

~Debbie M.

*The demands of our work schedules and the medical needs of our daughter meant traditional daycare was not a solution. Bayada arranged care for our little girl both during our work hours and at school. I am very proud of the many ways her condition has improved. She has blossomed!*
